Objective

Frontend Developer with a strong foundation in JavaScript, TypeScript, HTML5, CSS3, Bootstrap, Angular Material, and the Angular framework. Known for creating seamless and visually appealing web experiences, I am eager to contribute my technical expertise to a dynamic and collaborative environment. As a recent MCA graduate, I am well-versed in the latest frontend development technologies and trends. I have a proven track record of turning design concepts into responsive and user-friendly web applications.

- For a detailed showcase of my work, you can explore my GitHub repositories and Portfolio: [GitHub/GauravSonawane95](https://gauravsonawaneportfolio.netlify.app)
